PUBLIC SCHOOLS (TOTAL) ........................................ 1,538

Breakdown:
- Elementary ................................................. 924
- Middle .................................................... 1,194
- Junior High .................................................. 430
- Senior High .................................................. 539
- Career/Technical Centers .................................. 70

NOTE: A school with multiple grade levels may be represented in more than one category. For example, a school with Grades K-12 contains elementary, junior high, and high school levels and would be counted in each school category. Therefore, the breakdown totals of school categories are greater than the total number of public schools within Alabama.

(2007 Rankings include K-12 school districts. Rankings for the previous year may be different. Rankings are based on the percentage of revenue from local sources. "Local" includes local property tax, local sales tax, and other local revenue sources. Rankings are based on data submitted by districts as of January 2008. Rankings change from year to year. Rankings are for the entire school year and do not reflect increases or decreases in revenues from the previous year.)
