(b) Nouns and pronouns when used in this act shall be deemed to include both singular and plural and all applicable genders.
Section 2. The purpose of this act is to provide funds for renovating entrances to certain public K-12 school facilities to minimize unrestricted access by intruders and unauthorized adults.

Section 3. The Legislature finds that students are attending certain K-12 school facilities that do not have entrances that would impede access by adults bent on inflicting physical or emotional harm to students or school staff.

Section 4. (a) The authority is hereby authorized to sell and issue its bonds in the aggregate principal amount of up to fifty million dollars ($50,000,000) to provide funds to secure entrances in certain public K-12 school facilities. The bonds authorized in this act to be issued by the authority shall be in addition to all other bonds previously authorized to be issued by the authority, and the powers conferred on the authority by this act are in addition to all other powers heretofore conferred on the authority by acts heretofore enacted by the Legislature.

(b) Proceeds from the sale of the bonds and the earnings thereon shall be paid out from time to time on orders or warrants issued by or at the direction of the authority to reimburse local boards of education and the Alabama Institute for Deaf and Blind for authorized expenditures for renovations to existing public school facilities in order to enhance the security of entrances that are needed to ensure the safety of students. Specifically, the proceeds from the sale of the
bonds and the earnings thereof shall be distributed to the State Department of Education to be allocated as follows:

(1) Ten million dollars ($10,000,000) to be allocated to each local board of education, pro rata, based on the number of students in each local board of education's Foundation Program Fund calculation for the 2013-2014 school year; and

(2) Forty million dollars ($40,000,000) to be allocated by utilizing needs assessments provided to the Department by local education agencies. The authority shall authorize grants to reimburse local boards of education for facility renovations as specified in subsection (c).

(c) The State Superintendent of Education shall designate the priority and amounts of grants to be provided to local boards of education to provide secure entrances for certain facilities based on a needs assessment. The needs assessment shall give priority to renovation of entrances in the schools of local boards of education that could not afford the renovation costs without access to the grants provided by this act.

(1) Local education agencies applying for grants from the Department shall provide detailed cost estimates and other information required by the Department to determine the allocation of grants provided by this act.
Funds allocated to local education agencies in subdivision (1) of subsection (b) may be expended for other demonstrated security needs including, but not limited to, surveillance cameras, metal detectors, and other safety equipment, if the local education agency certifies to the Department that all public K-12 school facilities have secure entrances that prevent unrestricted access to the school facilities.

Section 5. The bonds shall be signed by the president or vice president of the authority and the seal of the authority shall be affixed thereto (or a facsimile thereof imprinted thereon) and attested by its secretary. All signatures of the president, vice president, and secretary may be facsimile signatures if the authority, in its proceedings with respect to issuance, provides for manual authentication (which may be in the form of a certificate as to registration) of the bonds by a trustee, registrar, or paying agent or by named individuals who are employees of the state and who are assigned to the Finance Department or State Treasurer's Office. All bonds bearing signatures or facsimiles of the signatures of officers of the authority in office on the date of signing thereof shall be valid and binding notwithstanding that before the delivery thereof and payment therefor, any officer whose signature appears thereon shall have ceased to be an officer of the authority. The bonds and the income therefrom shall be exempt from all taxation in the State of Alabama, may be used as security for deposits, and shall be
eligible for investments of fiduciary funds, as provided in
the 1965 Act. The bonds shall be construed to have all the
qualities and incidents of negotiable instruments subject to
any registration provisions pertaining to transfers. The
authority and the bonds shall be exempt from all laws of the
state governing usury including, without limitation, the
provisions of Chapter 8, Title 8, Code of Alabama 1975, or any
subsequent statute of similar import. The bonds shall be in
such form or forms and denomination or denominations and of
such tenor and maturities, shall bear such rate or rates of
interest payable and evidenced in such manner, may be made
subject to redemption prior to their maturities, and may
contain provisions not inconsistent with this act, all as may
be provided by the resolution of the authority under which the
bonds may be issued; provided, that no bonds shall have a
specified maturity date later than 20 years after their date;
and provided further, that those bonds having maturities more
than 10 years after their date shall be subject to redemption
at the option of the authority on any date on and after the
tenth anniversary after their date at such redemption price or
prices and under such conditions as may be prescribed in the
proceedings of the authority under which they are issued. For
the purpose of paying the principal of, premium, if any, and
interest on the bonds or any refunding bonds, the authority
shall designate the State Treasurer or such bank or banks as
the authority, in its discretion, determines to be appropriate
and desirable. Funds for the payment of debt service shall be
transferred by the authority or the State Treasurer on behalf of the authority to the designated paying agent on the actual due date of such principal, premium, if any, or interest.

Section 6. The bonds may be sold by the authority from time to time in series, and if sold in more than one series, may all be authorized in one initial resolution of the authority with the pledges therefor made by the authority in such initial resolution although some of the details applicable to each series may be specified in the respective resolutions under which the different series are issued. The authority, in the course of establishing, by resolution, a principal amount of bonds to be authorized for sale at any given time, or to be sold in any series, may take into account the existence of any unexpended proceeds of prior issues of bonds of the authority (and of any other issuer, if such should be deemed by the authority to be relevant), and may structure the portions of the allocations provided for in Section 10 to be distributed from the proceeds of a particular series (constituting less than all the bonds authorized by this act) as the authority deems necessary or prudent in order to enable the authority to comply with any tax covenants that may be required of it, or that may be deemed by it to be prudent to be given by it, in connection with the sale of any series of the bonds. Each series of the bonds shall be sold at competitive bid and at such price or prices and at such time or times as the authority may consider advantageous. Bonds sold by competitive bid shall be sold to the bidder whose bid
reflects the lowest effective borrowing cost to the authority on the series of the bonds being sold; provided, that if no bid acceptable to the authority is received it may reject all bids. Notice or summary notice of each such sale by competitive bids shall be given by publication in either a financial journal or a financial newspaper published in the City of New York, New York, and also by publication in a newspaper published in the state which is customarily published not less often than five days during each calendar week, each of which notices must be published at least one time not less than 10 days prior to the date fixed for the sale or, in the event no bid acceptable to the authority is received at any such sale and the bonds so offered are thereafter reoffered on the same terms and conditions, not less than five days prior to the date fixed for sale. The authority may fix the method and the terms and conditions under which the sale of any series of the bonds may otherwise be held; provided, that the terms and conditions shall not conflict with any requirement of this act. Approval by the Governor of the terms and conditions under which any bonds may be issued shall be requisite to their validity. Before any series of the bonds shall be offered for sale by the authority, the Governor shall first determine that the issuance of that series of bonds and the application of the taxes pledged to the payment of the principal of the bonds as they mature and interest thereon as the same shall come due will not impair the adequacy of the trust fund to pay
appropriations therefrom and to support the public schools and
institutions of higher learning during the period over which
the bonds will mature. The Governor's determination shall be
in writing signed by the Governor and that determination shall
be final and conclusive. Neither a public hearing nor consent
of the state Department of Finance or any other department or
agency shall be a prerequisite to the issuance of any of the
bonds.

Section 7. For the purpose of providing for payment
of the principal of, premium, if any, and interest on the
bonds and to accomplish the objectives of this act, there is
hereby irrevocably pledged to those purposes, and hereby
appropriated, such amount as may be necessary therefor from
the following sources: (a) The residue of the receipts from the
excise tax ("the utility gross receipts tax") levied by
Article 3, commencing with Section 40-21-80, Chapter 21, Title
40, Code of Alabama 1975, as amended ("Article 3"), remaining
after payment of the expenses of administration and
enforcement of Article 3, being that portion of the tax that
is required by Article 3 to be deposited in the State Treasury
to the credit of the trust fund, after there shall have been
taken from the residue the amount necessary to pay at their
respective maturities the principal of and interest on those
bonds issued by the authority under the 1965 Act, 1971 Acts,
the 1973 Act, the 1978 Act, the 1985 Act, the 1990 Act, the
1995 Act, the 1998 Act, the 1999 Act, the 2001 Act, the 2002
Act, the 2003 Act, the 2007 Act, the 2010 Act, or this act
that may be outstanding at the time of the delivery of the
respective series of the bonds authorized herein;

(b) The residue of the receipts from the excise tax
("the utility service use tax") levied by Article 4,
commencing with Section 40-21-100, Chapter 21, Title 40, Code
of Alabama 1975 ("Article 4"), remaining after payment of the
expenses of administration and enforcement of Article 4, being
that portion of the tax that is required by Article 4 to be
deposited in the State Treasury to the credit of the trust
fund, after there shall have been taken from the residue the
amount necessary to pay at their respective maturities the
principal of and interest on those bonds issued by the
authority under the 1965 Act, the 1971 Acts, the 1973 Act, the
1978 Act, the 1985 Act, the 1990 Act, the 1995 Act, the 1998
Act, the 1999 Act, the 2001 Act, the 2002 Act, the 2003 Act,
the 2007 Act, the 2010 Act, or this act that may be
outstanding at the time of the delivery of the respective
series of the bonds authorized herein;

(c) To the extent and to the extent only that the
revenues appropriated in the foregoing subsections (a) and (b)
may not be sufficient to pay at their respective maturities
the principal of, premium, if any, and interest on the bonds,
the residue of the receipts from the excise tax ("the sales
tax") levied by Division 1, commencing with Section 40-23-1,
Article 1, Chapter 23, Title 40, Code of Alabama 1975, as
amended ("Article 1"), after there shall have been taken from
the residue the amounts appropriated for other educational
purposes in Section 40-23-35, Code of Alabama 1975 (which 
residue constitutes that portion of the receipts from the 
sales tax that is now required by law to be paid into the 
trust fund), and after there shall have been taken from the 
residue amounts sufficient to meet all prior charges on the 
residue including such amounts as may be necessary to pay at 
their respective maturities the principal of and interest on 
those bonds issued by the authority under the 1965 Act, the 
1971 Acts, the 1973 Act, the 1978 Act, the 1985 Act, the 1990 
Act, the 1995 Act, the 1998 Act, the 1999 Act, the 2001 Act, 
the 2002 Act, the 2003 Act, the 2007 Act, the 2010 Act, or 
this act that may be outstanding at the time of the delivery 
of the respective series of the bonds authorized herein; and 

(d) To the extent and to the extent only that the 
revenues appropriated in the foregoing subsections (a), (b), 
and (c) may not be sufficient to pay at their respective 
maturities the principal of, premium, if any, and the interest 
on the bonds, the residue of the receipts from the excise tax 
("the use tax") levied by Article 2, commencing with Section 
40-23-60, Chapter 23, Title 40, Code of Alabama 1975, as 
amended ("Article 2"), after there shall have been taken from 
the residue the amount necessary to meet the expenses of the 
state Department of Revenue in collecting the use tax (which 
residue constitutes that portion of the receipts from the use 
tax that is now required by law to be paid into the trust 
fund), and after there shall have been taken from the residue 
such amounts as may be necessary to meet all prior charges on
the use tax including the amounts sufficient to pay at their respective maturities the principal of and interest on those outstanding bonds referred to in subsection (c).

(e) All monies hereby appropriated and pledged shall constitute a sinking fund for the purpose of paying the principal of, premium, if any, and interest on the bonds. The State Treasurer is authorized and directed to pay at their respective maturities the principal of, premium, if any, and interest on the bonds out of this fund and out of the residues of the tax receipts herein appropriated and pledged for the benefit of the bonds, and is further authorized and directed to set up and maintain appropriate records pertaining thereto.

Section 8. The bonds shall not be general obligations of the authority but shall be limited obligations payable solely out of the residues of the tax receipts appropriated and pledged in Section 7. All bonds issued by the authority pursuant to this act shall be solely and exclusively obligations of the authority and shall not constitute or create an obligation or debt of the state. As security for the payment of the principal of, premium, if any, and interest on the bonds, the authority is hereby authorized and empowered to pledge the residues of the tax receipts that are appropriated and pledged in Section 7 for such purposes. All such pledges made by the authority shall take precedence in the order of the adoption of the resolutions containing the pledges. All such pledges shall be prior and superior to any pledges that may be made for any refunding bonds hereafter issued by the
authority under the provisions of any of the 1965 Act, the 1971 Acts, the 1973 Act, the 1978 Act, the 1985 Act, the 1990 Act, the 1995 Act, the 1998 Act, the 1999 Act, the 2001 Act, the 2002 Act, the 2003 Act, the 2007 Act, the 2010 Act, or any other act heretofore enacted.

Section 9. For the purpose of refunding any bonds or refunding bonds of the authority issued under the provisions of this act, the 1965 Act, the 1971 Acts, the 1973 Act, the 1978 Act, the 1985 Act, the 1990 Act, the 1995 Act, the 1998 Act, the 1999 Act, the 2001 Act, the 2002 Act, the 2003 Act, the 2007 Act, the 2010 Act, or any other act previously enacted, or any combination thereof, whether such refunding shall occur before, at or after the maturity of the bonds refunded and for the purpose of paying all premiums and expenses of the refunding (including, but not limited to, attorneys' fees, costs of printing the refunding bonds, fiscal agents' fees, and accountants' fees), the authority is hereby authorized to sell and issue its refunding bonds. Such refunding bonds may be sold and issued from time to time, at public sale, on sealed bids and on such other terms and conditions as the authority shall determine to be advantageous and shall adopt and provide for in its proceedings for the sale and issuance of such refunding bonds. Provided, however, that no refunding bonds shall be issued unless the present value of all debt service on the refunding bonds (computed with a discount rate equal to the true interest rate of the refunding bonds and taking into account all underwriting
discount and other issuance expenses) shall not be greater
than 97 percent of the present value of all debt service on
the bonds to be refunded (computed using the same discount
rate and taking into account the underwriting discount and
other issuance expenses originally applicable to such bonds)
determined as if such bonds to be refunded were paid and
retired in accordance with the schedule of maturities
(considering mandatory redemption as scheduled maturity)
provided at the time of their issuance. Provided further that
the average maturity of the refunding bonds, as measured from
the date of issuance of such refunding bonds, shall not exceed
by more than three years the average maturity of the bonds to
be refunded, as also measured from such date of issuance, with
the average maturity of any principal amount of bonds to be
determined by multiplying the principal of each maturity by
the number of years (including any fractional part of a year)
intervening between such date of issuance and each such
maturity, taking the sum of all such products, and then
dividing such sum by the aggregate principal amount of bonds
for which the average maturity is to be determined. For the
purpose of providing funds to enable the authority to pay at
their respective maturities the principal of, premium, if any,
and interest on the refunding bonds issued under this act, the
authority is hereby authorized to pledge irrevocably for such
purpose, and there is hereby appropriated for such purpose,
such amount as may be necessary of the residues of the
receipts from the excise taxes pledged and appropriated in
subsections (a), (b), (c), and (d) of Section 7, any reserves
or sinking funds established by the authority, as well as
revenues of the authority from any other sources specified in
the proceedings wherein the refunding bonds are authorized to
be issued. Pending the application of the proceeds of
refunding bonds issued in accordance with this section, the
proceeds, together with investment earnings therefrom, and
amounts in any sinking fund, together with investment earnings
thereon, may be held by the State Treasurer as treasurer of
the authority in trust, or may be deposited by the State
Treasurer in trust, on such terms as the State Treasurer and
the authority shall approve, with a trustee or escrow agent,
which trustee or escrow agent shall be a banking institution
or trust company authorized to exercise trust powers in
Alabama, for investment in permitted investments. Proceeds of
refunding bonds shall be so invested and applied as to assure
that the principal, interest, and redemption premium, if any,
on the bonds being refunded shall be paid in full on the
respective maturity, redemption, or interest payment dates.
Refunding bonds issued by the authority shall not be general
obligations of the authority but shall be payable solely from
the sources specified in this act and in the proceedings
whereby the refunding bonds are authorized to be issued. All
refunding bonds issued by the authority shall be solely and
exclusively obligations of the authority and shall not create
debts of the State of Alabama. The faith and credit of the
State of Alabama shall never be pledged for the payment of any
refunding bonds issued by the authority under this act. The
authority may contract with respect to the safekeeping and
application of the refunding bonds and other funds included
therewith and the income therefrom which may be any bank or
trust company authorized to exercise trust powers and located
within and/or without the state. All other provisions of this
act shall apply to the refunding bonds issued hereunder except
(1) the limitation contained in Section 4 on the amount of
bonds that may be issued under this act and (2) the provisions
of Section 10. All pledges made by this act or by the
authority pursuant to the provisions of this act, for the
benefit of refunding bonds issued under this act, and all such
pledges for the benefit of refunding bonds which may be issued
to refund any bonds issued under any of the 1965 Act, the 1971
Acts, the 1973 Act, the 1978 Act, the 1985 Act, the 1990 Act,
the 1995 Act, the 1998 Act, the 1999 Act, the 2001 Act, the
2002 Act, the 2003 Act, the 2007 Act, the 2010 Act, or this
act, shall take precedence in the order of the adoption of the
resolutions authorizing the issuance of such refunding bonds.
Bonds refunded prior to their maturity with the proceeds of
refundng bonds shall be deemed paid and the pledges herein
and by the authority made for the payment thereof defeased if
the authority, in its proceedings regarding issuance of the
refundng bonds shall provide for and establishes a trust or
escrow fund comprised of monies or government securities, or
both, sufficient to pay, when due, the entire principal of,
premium, if any, and interest on the bonds to be refunded
thereby; provided, that such government securities shall not
be subject to redemption prior to their maturities other than
at the option of the holder thereof. Upon the establishment of
such a trust or escrow fund, the refunded bonds shall no
longer be deemed to be outstanding, shall no longer be secured
by the funds pledged therefore in Section 7, shall no longer
be obligations of the authority and shall be secured solely by
and payable from monies and government securities deposited in
such trust or escrow fund.

Section 10. (a) The proceeds derived from each sale
of the bonds issued pursuant to this act shall be deposited
into the State Treasury and shall be carried in a separate
fund therein for the account of the authority, which shall pay
the expenses of issuance therefrom. The expenses of issuance
of the bonds shall be prorated among the recipients of the
proceeds from the sale of the bonds in the same proportions as
the allocations received of the proceeds thereunder. The
proceeds from the sale of the bonds remaining after payment of
the expenses of issuance thereof shall be retained in the
funds and, until they are paid out, shall be invested by the
State Treasurer at the direction of the authority in permitted
investments maturing at such time or times as the authority
shall direct.

(b) Proceeds from the sale of the bonds and the
earnings thereon shall be paid out from time to time on orders
or warrants issued by or at the discretion of the authority
for the purposes specified in this act.
Section 11. Not later than three years following allocation of bond proceeds as provided herein, the authority shall review the status of any unexpended allocations, and, at its sole discretion, determine if unexpended allocations or any portion thereof shall revert to the authority.

Section 12. Notwithstanding any of the foregoing and in addition to all powers heretofore granted to the authority, the authority is hereby expressly authorized to use the proceeds derived from the sale of bonds and income on permitted investments in accordance with the provisions of this act. The preparation of all plans and specifications for any building constructed wholly or in part with any of the monies realized from the sale of any of the bonds and all work done pursuant to expenditure of the proceeds thereof in regard to the construction, reconstruction, alteration, improvement, and equipping of buildings shall be supervised by the State Building Commission, and the authority will reimburse the commission for its reasonable direct and administrative costs in having plans, specifications, and contract documents prepared and in supervising and inspecting the work. Additionally, the authority is hereby expressly permitted to pay to the Department of Finance and the State Treasurer's Office, from time to time and from any funds available to the authority, amounts to offset costs incurred in the administration of the business of the authority. The cost of such compensation shall be prorated among the recipients of
proceeds of the bonds in the same manner as the expenses of issuance of the bonds are required hereby to be prorated.

Section 13. The authority shall hire or contract with businesses or individuals which reflect the racial and ethnic diversity of the state.

Section 14. The authority shall have the power to make such payments to the United States of America as the board of directors of the authority deems necessary to cause the interest on any bonds of the authority, including the bonds, to be and remain exempt from, or excludible from gross income for purposes of, federal income taxation. The authority shall have the power to make such agreements respecting the investment of funds of the authority as the authority shall deem necessary in order that the interest income on bonds of the authority be and remain exempt from, or excludible from gross income for purposes of, federal income taxation.

Section 15. The authority is authorized to pay out of proceeds of any series of bonds the costs and expenses incurred in connection with the issuance of such bonds, including without limitation legal and accounting fees and expenses, fees, and expenses of any financial or fiscal advisor employed by the authority, printing costs, rating agency fees, and premiums or charges for any credit enhancement or liquidity providers.
